Dear Ms. Prink & Parish Family,

Thank you for your support to the Haitian Health Foundation.

I recently returned from Haiti where I had the opportunity to place plaques on some newly-constructed Happy Houses and take some photographs. I am happy to enclose pictures of three families, and their new Happy Houses built through your generosity.

When available, I took a photograph of the family's previous house ... the old house has often been torn down.

These families were living in hovels of cardboard and thatch. Your kindness and sharing has allowed us to build clean, healthy, cement block houses, with tin roofs, windows, and doors. They are mansions by comparison.

Thank you again for giving these families new homes - providing them with a healthier, happier future.

With warm regards,
